

## OUR MISSION

Since 1904, ZSJ has been discipling and educating children. Our curriculum is presented through a biblical worldview in all subject areas. Statistically, our students excel both in and out of the classroom. At the heart of this school, are the teachers. For them, teaching is more than a job--its a calling. Come discover the difference here at Zion St. John.

“

Our students perform very well academically, and the relationship that grows with the Lord is the best asset a child can be given."

~Jan Brandhorst, Principal

We've built a Christ-centered learning environment to equip the whole child--mind, body, and spirit.

## Why Choose ZSJ?

Ask any parent this question, and you will likely get the following answers.

Students will learn:

- a firm understanding of biblical truth.
- to pursue both academic and personal excellence.
- in a Christ-centered learning environment.
- via small class sizes and in a family structure.
- as they are mentored, so that they can in turn, become a mentor.
